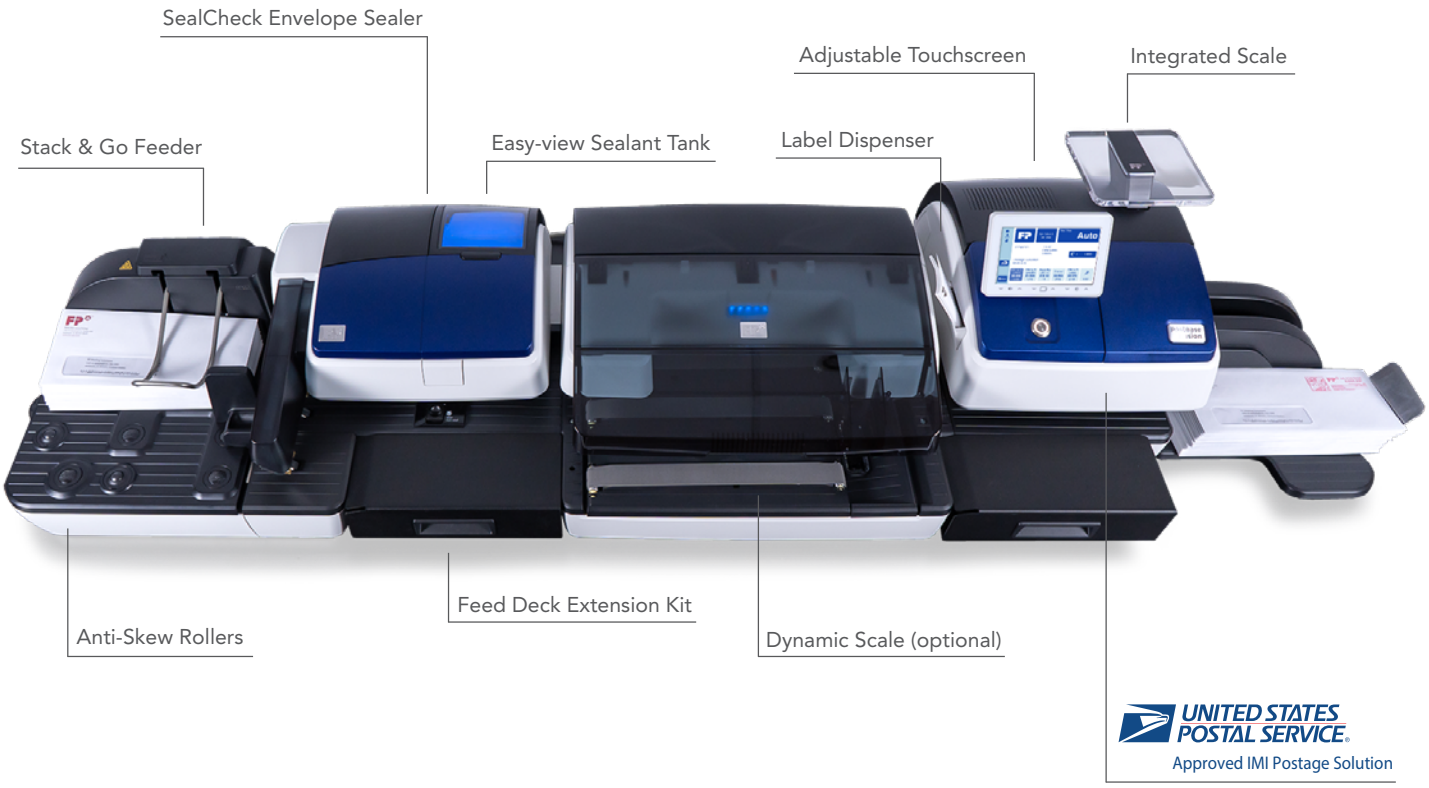
PostBase® Fusion
A120

PostBase® Fusion A120

Stylish. Secure. Connected

PostBase® Fusion A120 is a powerful mailing system that meets professional mailroom needs while offering advanced reporting and analytics options. Meticulously engineered with users in mind, this mailing system is intuitive and simple to use with a large adjustable touchscreen so that any operator can process mail with ease. Equipped with the most up-to-date USPS® Intelligent Mail Indicia (IMI) technology, FP's PostBase® line fully meets all USPS® standards and requirements.

Leading the charge on accessible solutions for fast, mixed-mail processing. The PostBase® Fusion A120 sets itself apart from other meters in its class by combining an advanced postage meter configuration, dynamic scale capability, and cloud-based Vision360 analytics and reporting. Offering a new solution to bridge the gap between enterprise-level machines and a growing mailroom's needs.



Pro Performance

The key to reliability and performance is the Stack & Go feeder with the large format feed deck and adjustable anti-skew rollers that automatically straightens mail to prevent stoppages.

SealCheck Sensor

Exclusive to FP's PostBase® line, SealCheck envelope sealers ensure security by validating that each envelope flap passes through the sealer.

Dynamic Scale

High-speed processing of mixed mail up to 90 letters per minute using the in-line dynamic scale that accurately measures the size and weight of each envelope as it passes through the scale.

FP Parcel Shipping

Ship. Track. Save.

Paired with the PostBase® Fusion, FP Parcel Shipping is the perfect companion to send packages. FP Parcel Shipping comes equipped with USPS® shipping rates with the option to add multi-carrier shipping, giving you the ability to select the best rate for the day you want your package to arrive.

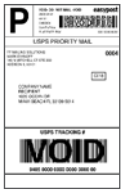
Saving time and money while sending packages has never been simpler. This online shipping application allows you to easily compare rates and print shipping labels with the tracking barcodes for the carrier and service selected.

External Scale (optional)

Label Printer (optional)

FP Parcel Shipping also offers:

- Discounted Commercial Pricing
- Free insurance on Priority Mail® and Priority Mail Express® (up to $100 value)
- CASS address correction and validation
- Package tracking dashboard with email notifications
- Add-on multi-carrier rate shopping option



Prints IMpb compliant tracking labels on letter-size paper or 4" x 6" thermal shipping labels

Vision360

Postal Analytics and Reporting

Created with exclusive technology, the PostBase® Fusion offers advanced postal analytics and reporting through Vision360. Accessible through the MyFP Customer Portal, Vision360 provides companies with a 360-degree view of postal usage to better monitor, manage, and control postal expenditures.

With the Vision360 analytics dashboard, you can get an operational overview of postal expenses, ink and postage on the machine, and postage downloads for better budgeting and planning. Getting the right report you need in the format required is easy. Report types are displayed on-screen as tiles or in a list view that can be sorted by favorites, alphabetical, report type, or subscription level.

Reporting Metrics Available:

- Postage Download
- Postal Usage
- Cost Accounts
- Postal Class (Advanced & Professional)
- Meter Operators (Advanced & Professional)

Advanced subscription is included with your PostBase® Fusion A120 mailing system and offers additional reports over the Basic subscription. Additionally, the Professional subscription allows you to combine multiple metrics into a single report and offers more cost accounts.

Interface to compatible Folder Inserter

Folder Inserter Interface
Streamline your Mailroom

The PostBase Fusion A120, combined with one of our FPi Folder Inserters is the ideal solution to automate the process of manually moving finished envelopes from a folder inserter to the input of the PostBase Fusion A120, reducing the number of steps of folding, inserting and metering mail from several steps to one.
