Local Dealer:

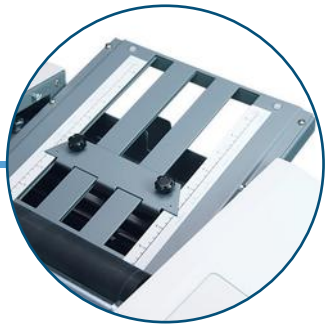

The **FD 1506 AutoSeal®** is a user-friendly mid-volume solution for processing pressure sensitive mailers, frequently used for applications that can be printed on one sheet, including checks, invoices, school reports, and tax forms. It processes a variety of forms, **up to 14" in length**, at speeds of **up to 100 forms per minute.** Standard features include a **graphics-based color touchscreen**, **drop-in top feed system**, **adjustable catch tray**, and **clearly marked fold plates** that can be set for custom folds. Fold types include Z, C, Uneven Z and C, Half and custom. The FD 1506 is proudly **built in the USA** with proven Formax technology, and is ideal for any church, school, or small business looking to utilize the convenience of pressure seal forms.

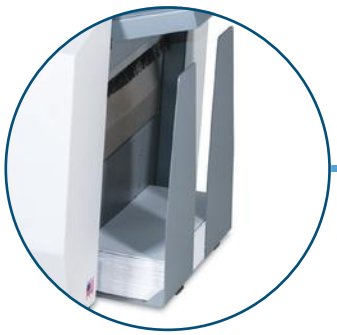

Color Touchscreen Control Panel
Graphics-based and designed for easy, walk-up use

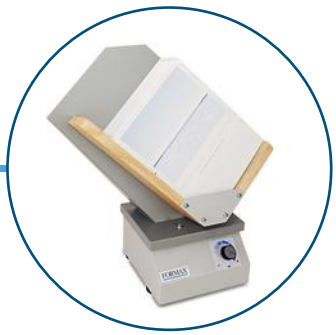

Drop-In Feeding System
Produces dependable feeding of forms without paper fanning

Clearly Marked Fold Plates
Marked with five of the most popular folds

Adjustable Catch Tray
Accommodates any fold type, stacks forms neatly and sequentially

Optional 402 Series Jogger
Reduces static electricity from forms and aligns them for proper feeding
