Local Dealer:

The **AutoSeal® FD 2056** is a **fully automatic** high-volume tabletop pressure sealer, which can process forms at **up to 16,450 per hour**. Stand-out features include a **color touchscreen control panel**, **drop-in feed system**, and an **integrated telescoping conveyor** which extends to hold up to 500 forms. The FD 2056 automatically senses and adjusts for form sizes including 11", 14" and 17", and the **AutoStack™ wheels** automatically adjust for neat, sequential stacking. It features **5 pre-set standard folds** and the ability to **store up to 35 custom fold settings.** The advanced software allows for all standard fold types and form sizes to be customized. Options include the **V-Stack36i** which vertically stacks up to 22" of processed forms for easy unloading. **Proudly made in the USA**, the FD 2056 is an ideal high-volume solution for pressure-sensitive mailers.

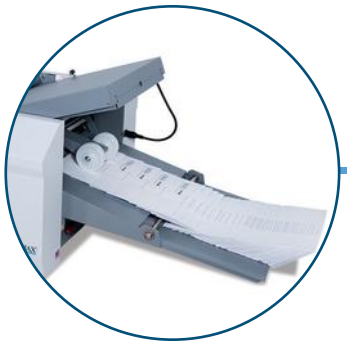

Color Touchscreen Control Panel
Graphics-based and designed for easy, walk-up use

AutoStack™ Stacker Wheels
Fully automated to adjust for various form sizes

Removable Feed Wheels
Easily accessible to change without removing side covers

Integrated Telescoping Conveyor
Extends from 14" to 36" in length and holds up to 500 folded pieces

Optional V-Stack36i Stacker
Vertically stacks up to 22" of folded documents, for easy unloading
