FP Smart Lockers

FP Smart Lockers

More than parcel delivery and pickup

FP Smart Lockers deliver a simple, modern solution for managing parcel, mail, and asset deliveries in an ever-changing environment. Designed to provide a safe, secure, and effortless delivery experience, our lockers feature cloud-based software for seamless management and analytics. Built as versatile, modular systems suitable for both indoor and outdoor use, FP Smart Lockers integrate fully with our TRAXsuite parcel-tracking platform - creating a comprehensive, end-to-end parcel and asset management solution.

Scalability

FP Smart Locker configurations and features can be tailored to the size and needs of the business, while maintaining the ability to grow in the future.

Fast Delivery

High-quality materials and superior craftsmanship make these lockers the smart choice. Most systems ship in less than 2 weeks from our New Jersey warehouse.

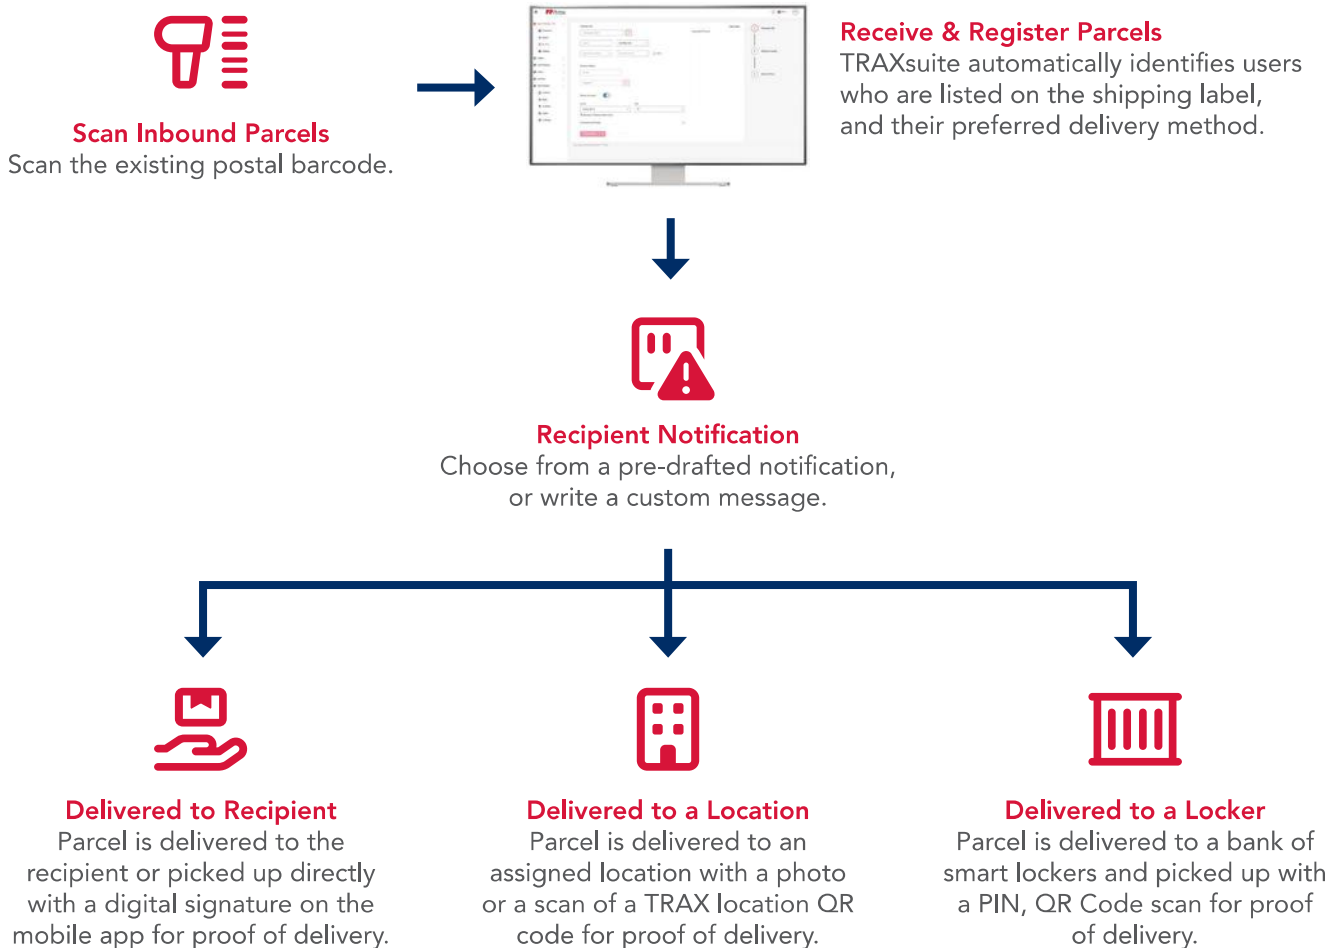

Custom Wraps

A bank of lockers offers the perfect advertising opportunity to deliver your branding directly to your client base, or to blend seamlessly into the environment.

Fully integrated with TRAXsuite

Inbound parcel management

TRAXsuite is a cloud-based inbound parcel tracking solution that enables you to define, notify, track, search, and report on all incoming parcels. It solves common issues faced in large campuses and organizations by providing full traceability, proof of delivery, assigned delivery locations, a simple search process, and an audit trail with downloadable reports, all in a scalable, user-friendly system.

Add-On Modules

Duty-made solutions for specific tracking needs

TRAXsuite is designed to scale with your business, adapting to a wide range of tracking requirements. Add-on modules for parcels, letters, and even rent-able assets expand its capabilities, making TRAXsuite a complete solution for your internal logistics. Customize your system to track and trace the many moving parts that keep your organization running efficiently.

Make TRAXsuite the ideal solution for your business with:

- Parcel Pro Subscription
- Asset Handling
- Letter Notification

Standard Features

- 10.1" Monitor
- Pre-loaded management software
- QR Code or barcode scanner
- Item detection/door detection
- Emergency box opening
